

东亚暴躁艺术家 vs 俊福白男嘉豪

东亚暴躁艺术家是我，俊福白男嘉豪是我的舍友 JR。说是东亚暴躁艺术家 vs 俊福白男嘉豪其实不准确，因为我还有一个正常白男舍友 TW，应该是我和 TW vs 俊福白男嘉豪 JR。

Introduction:

JL, incoming ECE Ph.D. @ Georgia Tech, currently ECE R.A. @ Georgia Tech, B.S. in ECE @ Wuhan University with a GPA of 3.78/4.0, co-first author on *IEEE Sensors Journal*, co-author on *Advanced Functional Materials*, co-author on *Science Advances* (2nd revision), another co-first author manuscript submitted, and countless awards, including a 2nd ranking in a national virtual reality competition.

TW, Physics Ph.D. @ Georgia Tech, B.S. in Physics @ UUtah.

JR, incoming East Asian Study Ph.D. @ Georgia Tech, M.S. in International Affairs @ Georgia Tech with GPA of 3.62/4.0, B.S. in International Affairs @ Georgia Tech with GPA of 3.66/4.0 with \$80k student loan by Feb. 2026.

P.S. I don't have the CV of TW, so I didn't put his stuff here. But the CV of JR is on his LinkedIn, all the valuable info and details are shown above.

Main Experiences:

先介绍一下我的这位俊福白男嘉豪舍友的经典言论。“我觉得探探上的女生很棒，她们拯救了我的生活” “我不和 Georgia Tech 或者 Emory 的女生约会，和她们约会太贵了，我现在去找差一些的，她们更便宜” 此僚的其余故事如下。

JR made fun of my Chinese background. There was one night I was making food prep for next week and peeling some garlic. JR talked in a condescending method “Chinese spend too much time in cooking, that's why US and UK win” “I never peel garlic by myself, we make Chinese to do that, cheap labor” To tell the truth, my time is so valuable that I don't want to waste time in this racist trash talk, but if I didn't be his father to teach him how to behave with good manner, I suppose he'll keep jabbering like a fly. So I taught him that “I never cook myself in China, Chinese students just have food in university-owned restaurant and don't waste time in cooking like what you do. And BTW, my white male PI holding a Ph.D. from MIT grabs food from Panda Express or Chicken fil A every lunch.” It seems like he was quite satisfied with the course and stayed silent, then got back to his bedroom. And this motherfucker spends 10 minutes every morning to stir-fry rice with corn, making the smoke alarm buzz, while I spend 2 minutes making my hot-dry noodles. As a well-educated man, I won't say something about how others cook their food.

JR was trying to persuade an ECE Ph.D. into believing that East Asian Study is well paid because he could do ghost writing and start a Youtube channel to sell books. If I didn't know such a hypocrite he is, I would probably mercy him with some trust. Let's see how many buck could he make with his 22 subscribers Youtube channel. And he told me he was applying for a well paid job in UN this summer, \$20k for 6 months. Jesus, people should know how tolerant I am to dumbass, the estimated paying of ECE Ph.D. is \$200k per year.

JR was trying to tell a Physics Ph.D. and an ECE Ph.D. that him, an East Asian Study Ph.D., is good at mathematics just because he takes some classes. I mean, if you are really good at math, you should probably be endowed with a Minor in math or

something like that, while he doesn't.

JR never cook last semester (2025 fall), but this semester (2026 spring) he begins to cook. Last semester he was sending msgs complaining about mine or TW's stuff went bad in the fridge, and TW always cleaned the fridge instantly. When this semester begins, this asshole makes the shared kitchen very greasy after his cooking (Fig. 1). And this liar declared to TW that he cleaned it. That's why TW called him a liar and a hypocrite as well.

Conclusions:

我在 Goergia Tech 遇到的绝大多数人不论黑人黄人白人棕人都很 nice，不愧是在 First World Country 受到过良好教育的人。但是偶尔也会碰上这种俊福嘉豪和俊福老登。希望所有人下次再碰到这种白皮狗或者天朝上国人或者任何人高谈阔论种族身份，民族身份，以及那些他们这些废物从未参与过的没有半毛钱关系的成就直接怼回去。自豪感应该是留给自己获得的成就而不是你出生就意外获得的东西。比如，21 世纪最性感的是一颗认知丰富的大脑，而不是在 Missouri 长大却操着一口奇怪口音的德国杂种的白皮。

其次，解决问题解决主要问题，比如不要在 Georgia Tech 这个所有工程学科全美排名前十的工程学校做 East Asian Study 之后屎上雕花地来一句我修过的数学课很好。
